QUALITY GARDEN BUILDINGS

malvern

GARDEN OFFICES

The Malvern Garden Office provides a new perspective for your home and garden. Move your office or hobby out of the house and into a fresh, new environment. The Malvern Garden Office creates the perfect place for working from home or for your leisure activity by creating an inspirational room in your garden. With its attractive appearance from the outside and appealing light and warm interior, it is the perfect setting for your needs - business or pleasure. Our buildings are fully lined and insulated making them warm and comfortable for all year round use.

The buildings shown in this brochure are only a guide to show what we can achieve. Each building we make is designed to your exact individual requirements. If the size or design you require is not shown in our brochure then please contact us to discuss your specific ideas and plans. Whatever style or size you want - you choose it - we'll build it.

We are proud to display this superb range of garden offices at our Cambridge Show Centre where you can appreciate the superior quality and design. If you are unable to visit please phone us and our expert advisers will be happy to answer any queries. You can phone us free 7 days a week on 0800 9777 828 or visit our website at www.summergardenbuildings.co.uk

QUALITY GARDEN BUILDINGS

The Hallow

The Hallow is the most adaptable and practical building in our range. Windows and doors can be positioned to suit your requirements, the exact size of the buildings can also be tailored to fit your specification.

As standard the Hallow comes with three 1200mm x 1200mm casement/vent double glazed windows and a single half glazed door. Extra windows and doors/ double doors can be added if required - see options below. All windows and doors fitted with 4mm toughened double glazed units as standard.

Internally the Hallow is fully lined and insulated making it warm and comfortable for all year round use.

Prior to delivery the hallow is treated with three coats of medium oak stain, should you prefer there are a range of exciting colours available to choose from.

The roof of the Hallow is covered with bitumen roof tiles available in either black, red or green.

16' x 10' Hallow shown with cottage style windows and door

10' x 10' Hallow shown with door in gable end

14' x 8' Hallow

16' x 10' Hallow shown with optional double doors and in the standard medium oak colour

Options Available for The Hallow

Windows: Add additional windows to increase the amount of natural light. Change the look of your building by adding cottage windows.

Double Doors: Can be added in lieu of a single door

Roof Velux: Maximise the natural light in your building by adding roof velux.

External & Internal Paint: Choose one of the many different coloured paint options. **Cedar**

Shingle Roof: Enhance the look and longevity of your building by adding cedar shingles to the roof.

Laminate Floor: Decorate the floor of your building with one of the laminate floor options.

Internal Wall Partitions: Create rooms within a room with internal wall partitions.

MDF Lining: Your internal lining can be upgraded to moisture resistant patterned MDF.

Guttering: Guttering and downpipes can be added to the front and back of your building.

12' x 8' Hallow shown with 6' triple window in front section

12' x 8' Hallow shown with optional double doors and half windows in front section

8' x 6' Hallow

The Hanley

14'x 10' Hanley shown with two extra glass to ground windows

The very attractive Hanley makes a stunning feature in any garden. The patio style glass to ground windows allow natural light to pour into the building giving you the feeling of being out in your garden all year round.

The Hanley comes with six 2000mm x 557mm glass to ground patio style windows, and two 325mm x 1225mm opening vent windows. Also included is a set of fully glazed double doors. Window and door arrangements can be positioned to suit your individual requirements.

All windows and doors are fitted with 4mm - toughened double glazed units as standard. Extra doors and windows can be added if required. See options opposite.

Internally the Hanley is fully lined and insulated making it warm and comfortable for all year round use.

Prior to delivery the Hanley is treated with three coats of medium oak stain, should you prefer there are a range of exciting colours available to choose from.

The roof of the Hanley is covered with bitumen roof tiles available in either black, red or green.

12' x 8' Hanley

14' x 10' Hanley shown with one extra glass to ground window and two velux roof windows

Options Available for The Hanley and The Corner Hanley

Windows: Add additional windows to increase the amount of natural light.

Doors: Extra doors can be added if required.

Roof Velux: Maximise the natural light in your building by adding roof veluxes.

External & Internal Paint: Choose one of the many different coloured paint options.

Cedar Shingle Roof: Enhance the look and longevity of your building by adding cedar shingles to the roof.

Laminate Floor: Decorate the floor of your building with one of the laminate floor options.

Internal Wall Partitions: Create rooms within a room with internal wall partitions.

MDF Lining: Your internal lining can be upgraded to moisture resistant patterned MDF.

Guttering: Guttering and downpipes can be added to the front and back of your building

12' x 10' Hanley shown with two extra glass to ground windows

The Corner Hanley

The Corner Hanley enjoys all the benefits of the Hanley whilst having the added advantage of being able to fit nicely into that corner plot in your garden.

The Corner Hanley has an 'hipped' style roof rather than a traditional apex style, otherwise the specifications are the same as the Hanley.

The Henwick

16' x 12' Henwick

24' x 12' Henwick shown with verandah on the gable end

The Henwick is a traditionally styled garden room which can be used for many purposes - business or pleasure.

The Henwick benefits from an integral 1200mm deep verandah which provides shelter from the elements over the double door entrance and offers an extra area to out and enjoy. The verandah comes with a pressure treated decking floor and can be positioned on the front of the building or on one of the gable ends.

The Henwick includes four 1200mm x 1200mm casement/vent windows with half glazed double doors. Window and door arrangements can be positioned to suit your individual requirements. Extra windows and doors can be added if required - see options below.

All windows and doors are double glazed with 4mm toughened glass as standard.

Internally the Henwick is fully lined and insulated making it warm and comfortable for all year round use.

Prior to delivery the Henwick is treated with three coats of medium oak stain should you prefer there are a range of exciting colours available to choose from.

The roof of the Henwick is covered with bitumen roof tiles available in either black, red or green.
